**PDF Form Issue**

Some web browsers do not automatically open PDFs using the [Adobe Acrobat Reader](#) application.

If you are using a non Windows operating system, such as Mac, to view and use the court's PDF forms, you may experience an issue where the form does not save the information correctly within the browser.

To fix this issue with PDF forms:

- Open the form from the website and save it to your desktop
- Then re-open the form using the [Adobe Acrobat Reader](#) application
- Fill out the form and re-save it to your desktop
- Upload form to e-Filing system
